

BOIADEIRA 230 #14

Qtde: 1 Chapa: #14

Corte: 296 mm

Comprimento: 3000 mm

Dim.: 232 x 23 mm

Peso: 15 kg

☐ Cortado

The diagram illustrates a cross-section of a roof assembly. It features three blue corrugated metal sheets (Boiaadeira) supported by a wooden truss structure. The truss consists of vertical posts and horizontal beams. Dimensions are indicated in millimeters: a total width of 232 mm for the sheet profile, a thickness of 23 mm, and a weight of 15 kg. The cutting length is specified as 296 mm. A note indicates that the dimension shown is for a cut piece ('Cortado'). The drawing also shows the overlap between sheets and the connection points to the structural frame.
